

### **Update May 2022**

- We currently have 3 machines available for hire with 2 more on order
- eBikes can be hired from the website <https://ebike.oldmeldrum.org>
- Demand is steady with bikes out most days.
- We had a successful day at the Meldrum Day in the square and now have a number of people who have expressed interest in volunteering with us.
- We are working with a local company to help us to install and equip a storage container to use as a storage and maintenance facility.
- We are working with Aberdeenshire Council to improve the method of ebike pickup and drop-off. This will include electronic locks and the use of a smartphone app.
- Although our nominal hire charge is £25 for 7 days (Friday to Friday). Upon request we will offer a concessionary (zero/small donation) rate to any member of the community who wishes to hire an ebike.

Oldmeldrum Community Ebikes is an initiative by Meldrum Paths Group
