

MELDRUM

Amenities Improvement Group

Over the years MAIG has organized litter picks in and around the town.

In keeping with MAIG's work in enhancing the town with our floral displays, it is important that the town is really kept clean with no litter disfiguring the streets and green spaces.

If you agree this is important MAIG in partnership with the Brownies & Guides have organized a community litter pick for **SUNDAY 22nd..**

Volunteers are requested to meet at the Meadows Veterinary Centre on Station Road at **10 AM.** Where you will be given litter pickers, and plastic bags and allocated to an area.

Your participation is very much appreciated.
